TTRTECHNOLOGY

EXPERTISE-AS-A-SERVICE

Your extended team, supporting your organization 24/7.

(866)-217-7225 INFO@TTRTECHNOLOGY.COM TTRTECHNOLOGY.COM

TTR Technology’s Expertise-as-a-Service offers 24x7 remote IT support to troubleshoot issues for MSPs, MSSPs, and their clients. Our team handles routine, in-scope tasks and provides expert technical assistance for systems, hardware, software, and networks. The goal is to resolve problems quickly, minimize downtime, and keep client operations running smoothly. This service is fully customizable to fit specific requirements—whether it's response time, support hours, or the depth of technical expertise needed.

KEY FEATURES

- Resources work under MSPS/MSSPS trademarks - A complete White Label service, allowing the MSPs/ MSSPs to provide support under their own branding.
- Documenting repetitive processes to streamline and improve the efficiency of support services.
- Weekly/monthly feedback meetings to ensure that the service is meeting the needs of the MSPS/MSSPS/end-clients.
- A wide range of skillsets from various facets of IT, including security, hardware troubleshooting, virtual environment installation, and more.
- A bundled set of tailored skillsets available 365x24x7 to meet specific needs.
- Support in 10 different languages, serving customers in multiple countries.
- Consistent and reliable helpdesk support, ensuring minimal disruption to the end-client's operations.
- Ability to adapt to rapidly changing technologies as per new business needs.
- Delivery beyond the KPIs and SLAs.
- No Cancellation Penalty, customers can cancel the service without any additional costs.
- Resources with top IT and CS degrees.
- Fixed Monthly Service Price (No Hidden Charges!)
- No Contracts, giving the customer the flexibility to cancel the service at any time.

OUTSOURCE SERVICE OPTIONS

HELPDESK RESOURCES: TTR Technology’s Helpdesk-as-a-Service is a cost-effective way for businesses to outsource their customer support to experienced professionals. This eliminates the burden of in-house hiring and firing, while enabling MSPs and MSSPs to scale operations efficiently in response to customer demand.

(866)-217-7225 INFO@TTRTECHNOLOGY.COM TTRTECHNOLOGY.COM

SECURITY ENGINEERS TTR Technology's Security Engineer-as-a-Service empowers MSPs and MSSPs to strengthen their clients' security posture by maximizing existing tools. Our trained engineers bring expertise in Secure Software Development, Penetration Testing, vCISO services, and more—tailored to specific customer requirements.

PROJECT MANAGER RESOURCES TTR Technology's PM-as-a-Service provides skilled project managers to oversee and deliver projects on schedule. This scalable solution removes the complexities of hiring, training, and resource management. Customers can request project managers with specific technical backgrounds and time zone compatibility.

L2/L3 ENGINEERS TTR Technology's L2/L3 Engineer-as-a-Service offers specialized technical support tailored to business needs. By outsourcing to expert engineers (e.g., in Denver), MSPs and MSSPs can meet SLAs effectively, replace resources seamlessly, and ensure continuity without compromising ROI.
