TTR TECHNOLOGY

MFA-AS-A-SERVICE

Protect your identity, strengthen your security with TTR Technology MFA-as-a-service.

(866)-217-7225 INFO@TTRTECHNOLOGY.COM TTRTECHNOLOGY.COM

DID YOU KNOW ?

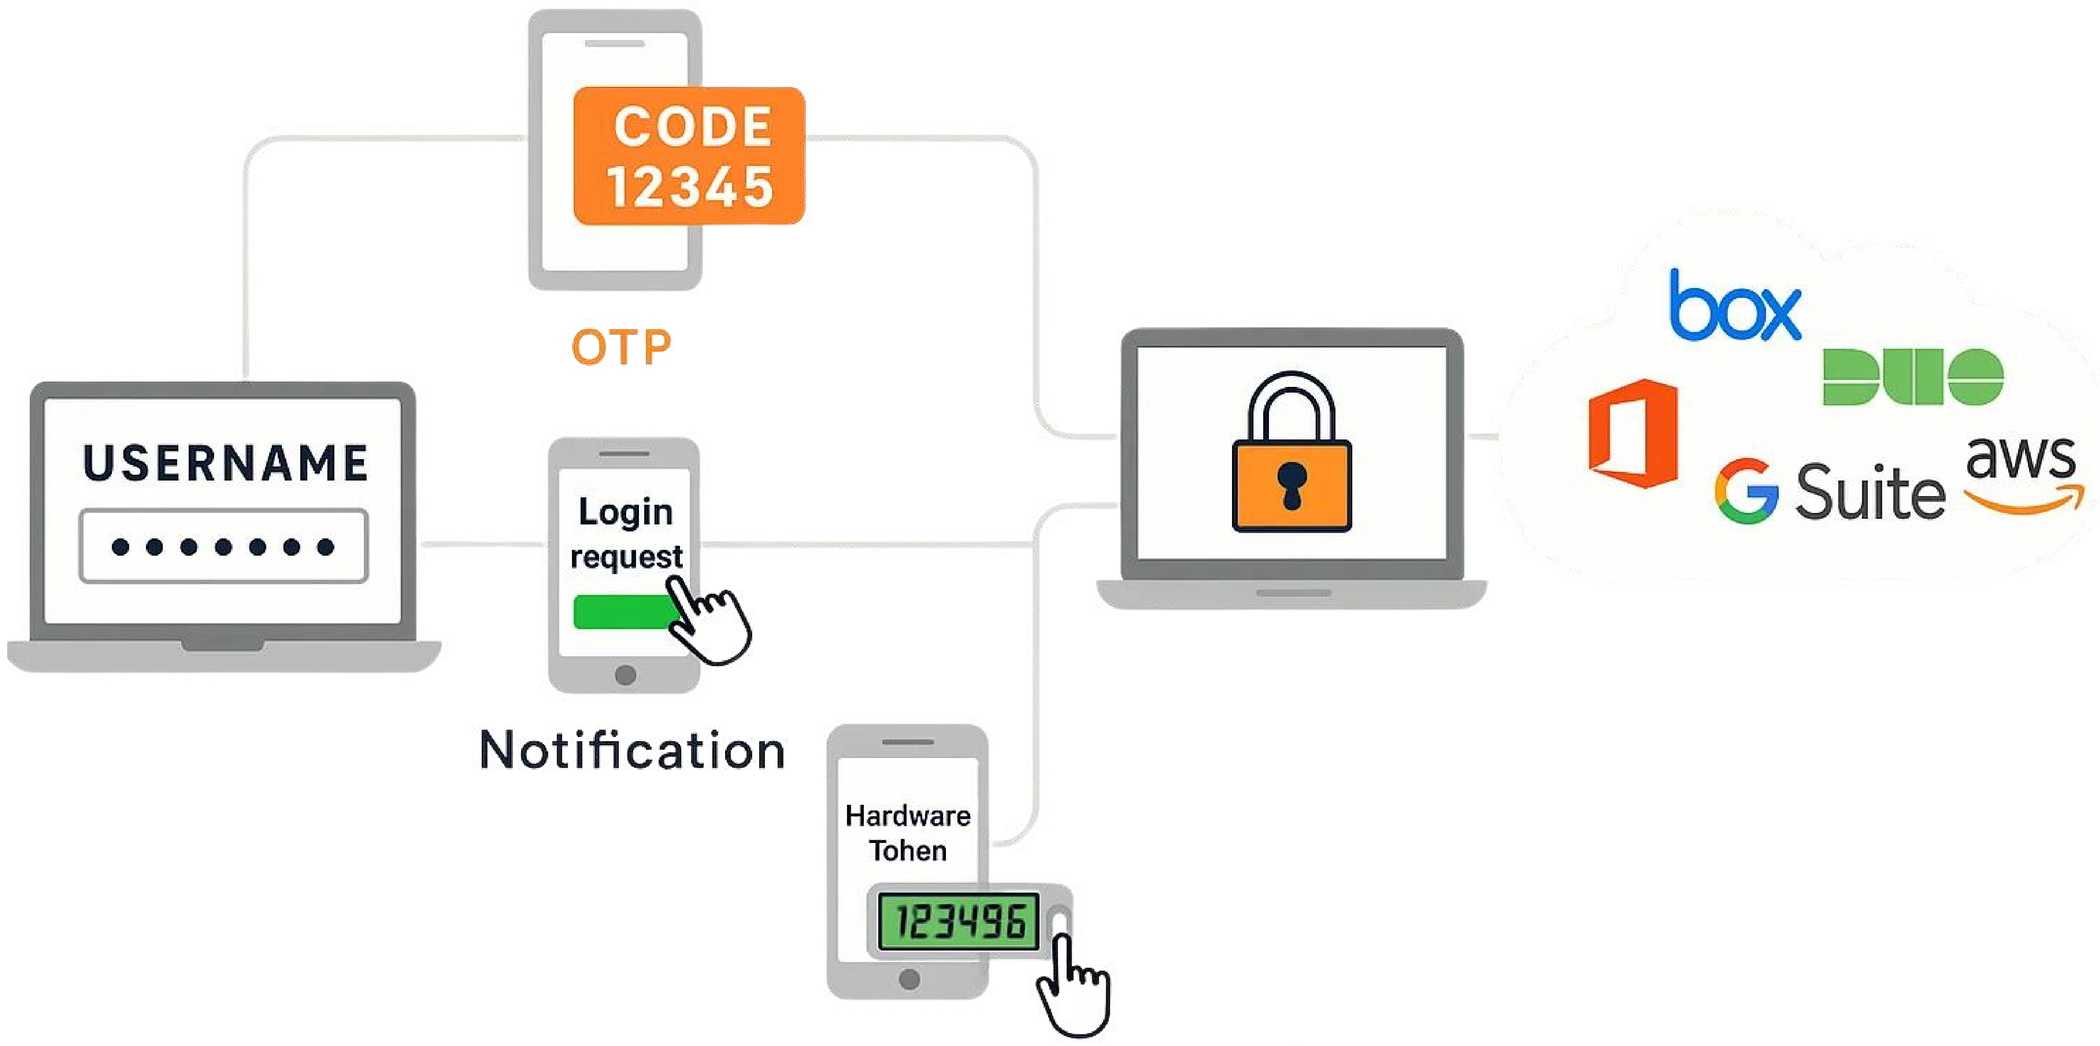

- MFA can reduce the risk of a data breach by 99.9% compared to using only a password.
- MFA can reduce the risk of a successful cyberattack by over 80%.
- Companies that implement MFA experience a decrease in successful phishing attacks by over 90%.

TTR Technology's Multi-Factor Authentication (MFA) as a Service is a cloud-based solution that enhances security for user authentication. It requires multiple verification methods, such as a password and a security token, OTP, or notification. This service simplifies the deployment and management of MFA, providing an added layer of protection for customer systems.

BENEFITS OF OUTSOURCING MFA-AS-A-SERVICE WITH TTR TECHNOLOGY

- Enhanced Security: Adds a second layer of authentication, significantly reducing the risk of unauthorized access to sensitive information.
- Easy Implementation: MFA as a Service integrates smoothly with existing authentication systems, reducing implementation time and associated costs.
- Scalability: Easily scalable to adapt to changing security requirements, ensuring the service grows with your business.
- User Convenience: MFA can be delivered through multiple methods, including mobile apps, SMS messages, and security keys, offering users a seamless authentication experience.
- Reduced Costs: Outsourcing MFA removes the need for heavy investments in solutions and infrastructure, helping to reduce overall operational costs.
- Improved Compliance: Helps organizations comply with industry regulations requiring secure user authentication.

HOW MFA-AS-A-SERVICE WORKS

BENEFITS OF MFA-AS-A-SERVICE WITH TTR TECHNOLOGY

Expertise TTR Technology brings deep industry knowledge and hands-on experience in implementing and managing MFA solutions for diverse environments.

Cost-Effectiveness Eliminate the expense of building and maintaining in-house MFA infrastructure and resources—TTR Technology provides a complete solution at a predictable cost.

Scalability Effortlessly scale your MFA solution to meet evolving business needs without disruptions.

Focus on Core Business Let your internal teams concentrate on growth and operations while TTR Technology handles the security.

Reliability Benefit from proven, enterprise-grade infrastructure and processes designed to ensure uptime and authentication reliability.
